ABOUT STAND

Suas is recruiting a STAND News & Events intern for its STAND programme.

STAND celebrates the power of ordinary people to change the world. We support third-level students to stand up for justice and equality, learn more about important global issues, and find out what they can do to take positive action.

We do this by running a range of activities (see below) in collaboration with students at third-level campuses across Ireland. We are now looking to build on our existing support to empower more students across Ireland to STAND for what they believe in.

ABOUT STAND NEWS

The aim of STAND News is to provide a supportive and open space for students in Ireland to learn more about justice and equality. The articles and multimedia they produce helps to share the connections they make between the local and the global with our readership and wider network. Our contributors and editors are current 3rd level students and recent graduates who come from a range of backgrounds but all have one thing in common: a keen interest in global issues and creating positive change.

MAIN RESPONSIBILITIES AND DUTIES

- Participate in and support the coordination of STAND News meetings, trainings, and other engagement activities including the Annual STAND News Awards to take place in January 2023
- Assist in coordinating communication with the STAND News team of editors and contributors, and monitoring article progress using Trello
- Suggest content in line with STAND's aims and target audience
- Support the editing and proofreading of STAND News articles and social media content & copy
- Format content for website (Wordpress) and on social media channels for final publication
